

Family Dining

We have a beautiful upstairs that overlooks the rest of the restaurant that is able to seat 55 guests. This space is ideal for wedding parties, company parties, or any special event that calls for a livelier atmosphere. You can reserve the front half or the entire mezzanine area, depending on your needs. Restaurant "buy-outs" are also an option for larger groups.

With exposed brick walls and open railings, the mezzanine area allows you to experience the upbeat vibe of Juniper in a more intimate setting. The front half of the space is ideal for parties of 20-25 and these guests are offered limited menu choices. Parties of +25-55 can enjoy the exclusivity of the entire space and enjoy several different family style dining options to fulfill your party's needs.
